Fortitude by Exarch Crusader Gregorius and Hierophant Andelo Kopač

"Fortitude is the marshal of thought. The armour of will. The fort of reason."

Earth Philosopher Francis Bacon

"In all the speculation, much of it depressing, about the shape of the future, there recurs a note of helplessness and fatalism which I find deeply disturbing.

This is not a new phenomenon. As the tides change, so does the course of life and so it is and ever was God's will.

Do not succumb to those who promise easy shelter for true Fortitude is found only within yourself.

God is testing each and everyone of us.

Stand, endure, keep faith, and you will receive God's grace once more."

"I get knocked down, but I get up again. You're never gonna keep me down.
I get knocked down, but I get up again. You're never gonna keep me down.
I get knocked down, but I get up again. You're never gonna keep me down.
I get knocked down, but I get up again. You're never gonna keep me down."

The refrain from a popular Earth Hymn regarding Fortitude
