

There was sadness in God's eyes when they fell upon the man. Enough to drown the sector ten times over.

And yet, for each droplet of sadness, there was anger too, raging like the storm to end all other storms for all the worlds to see.

**"I am your Mother and Father.
Your Brother and Sister.
I am the Holy One. The Ever Was.
I am your God, and knowing this, you *still* chose to betray me?"**

The traitor fell to his knees and began to beg.

His pleas were lost to the stars, forever unanswered.

For centuries, the High Church has shown great Temperance and Charity in allowing the 'Repentants' to extol their dogma within the Sector.

Despite moves against the Empire, the High Church chose to show great Integrity and Hope, extending an offer of Sacred Protection to them as a show of solidarity with those of Faith.

This offer has been rejected.

No more offers will be made.

It is time for the 'Repentants' to reap what they have sown.

STATEMENT OF INTENT

This missive revokes the offer of protection made in the statement issued by High Priest Callixtus Pius on 23.09.18 upon the revelation that the CHR had joined the STO. That statement no longer has any mechanical bearing due to threats of mechanical attack being made.

The HC no longer considers those attacking CHR enemies, nor inflict IC or OOC repercussions on those who choose to attack them.
